virtual screening

March 5 @11:00 am central time

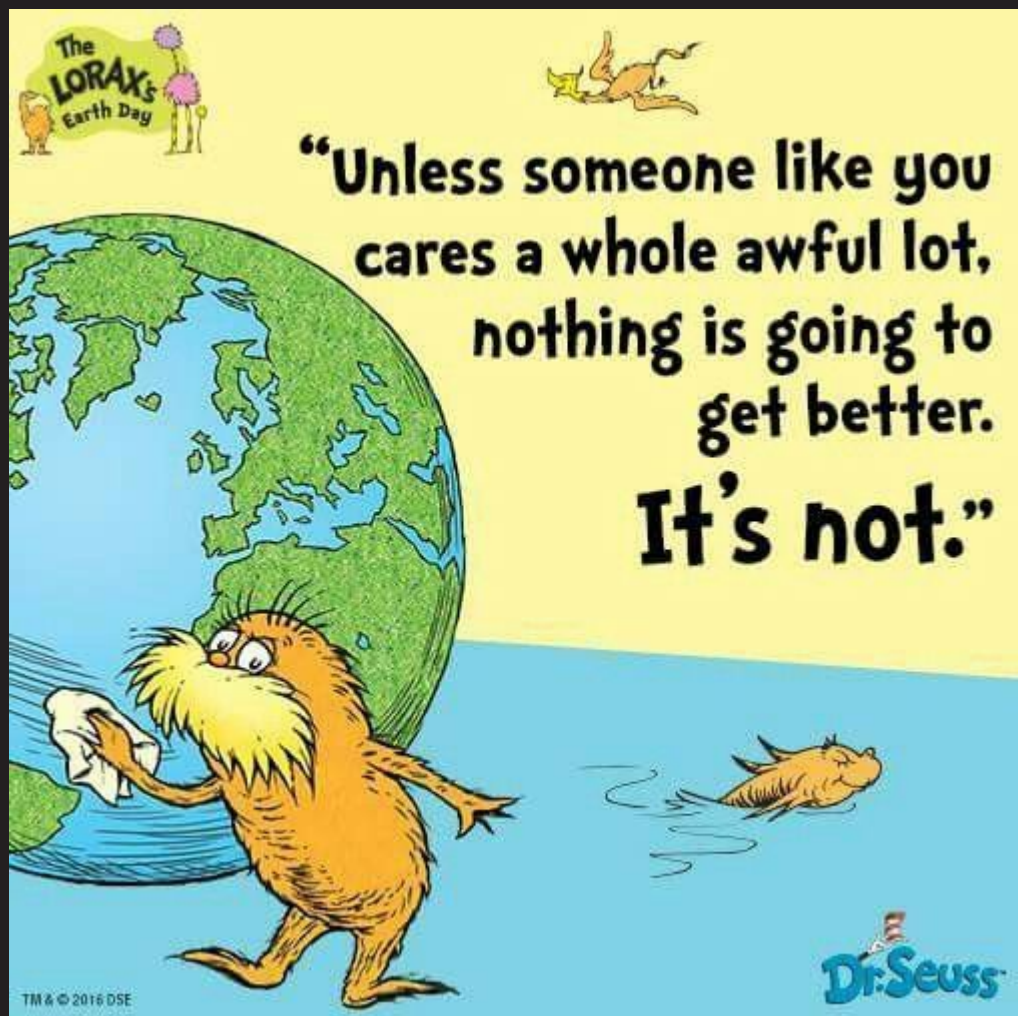

Turn the tide
March 4 -13, 2022

Let's Take
Action!

Connect with Nature

Look for animal tracks in the muddy ground in spring. What will you find?

Enjoy plant foods. How about an apple for a snack?

Take a walk or play a game outside.

Plant a tree or a bush. Plant flowers.

Clean up a park or forest preserve.

Live Lightly on the Earth

The Short Story of a Fox and a Mouse - Eat a variety of foods and eat what you actually need to eat.

Hopper's Day - Don't waste the water you have. You can stop wasting it by using it for things that you really need. Like watering plants, using it for brushing teeth and cooking.

Blackout - Balance the use of electricity and only use what you need.

Communicate and Learn

Invite your family to the library and read about animals.

Celebrate Earth Day at home, at school, with friends

ADULTS, JOIN One Earth's virtual book discussion groups for "All We Can Save," beginning the week of 3/14. Sign up:
oneearthfilmfest.org

Use Your Voice

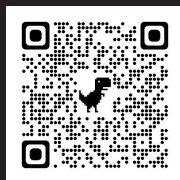

Speak up- Tell family and friends about what is important to you.

Say good morning to the birds in your neighborhood :)

thank you
